DISCUSSION ITEMS

Jason Allswang, Chief of Code Enforcement reported on the use of trash dumpsters. It seems many dumpsters are placed in locations that are violating the county code. Enforcement code could be rewritten to comply with current usage of trash dumpsters. Suggestions were taken to help comply with a new rewritten code.

Pauline van Betten reported on the idea of SNPLMA purchase of 17 acres of land owned by Tiberti. The land could be used for the purposes of a parking and trailhead for mountain biking trails. The Board agreed the idea would be good but is wary of other uses. The Board also approved for Pauline van Betten to pursue if there is a willing seller and a willing buyer.

It was reported that the construction project on Hwy. 160 has proper permits to use water from the well near the cattle guard crossing on Hwy 159. The permit will expire in January, 2017 and so far according to meter readings they are using about 50 percent of allowed usage.
